

RECITATION SCHEDULE 2023-24

Students will be required to recite the poems or multiplication facts on the date listed. The formal recitations will take place at the front of the room. The other poems and multiplication facts will be recited individually with the teacher. We will try to practice together in class, however, be sure to practice them at home. Most poems will be located on the TCA website, others may be found on www.poets.org
