Science

In science we are starting to learn about matter. This unit focuses on the scientific concept that matter exists in different forms that possess different properties. We will discuss how matter can change by cooling or heating it. And finally we will learn about how objects can be built up or torn down and recreated using the same parts.

Happy Fall!

September Poem

Bed in Summer

~Robert Louis Stevenson~

In winter, I get up at night
And dress by yellow candlelight.
In summer, quite the other way,
I have to go to bed by day.

I have to go to bed and see
The birds still hopping on the tree;
Or hear the grown-up people's feet
Still going past me in the street.

And does it not seem hard to you,
When all the sky is clear and blue,
And I should like so much to play,
To have to go to bed by day?

Sayings for September

Don't cry over spilled milk

Don't judge a book by its cover

Be looking for ways to bring these into your conversations 😊
