

Dear TCA Family and Friends,

The TCA Board of Directors would like to share some highlights from our October 16th Board meeting:

Capital Construction Update

Dave Tubb, TCA Director of Operations, provided a construction update. At North, foundation forms have been set and a crane will arrive this week to begin vertical development of the gym and auditorium. You will begin to see significant progress in the next few months as most of the underground work has been completed.

Safety and Security Update

Dave Tubb gave an annual update on the safety/security programs and processes at TCA. This past year there was a decline in student accident rates and reportable security incidents. Additionally, security camera coverage has been greatly increased at each campus. The board was pleased to learn how we continue to focus on the safety and security of our students and staff with on-going campus assessments, programs, and improvements.

Finance Yearly Update

Mark VanGambleare, TCA Chief Financial Officer, gave us an update on the recent Financial Audit and we are happy to report that our auditors gave an unqualified opinion, which is the highest level of assurance. Furthermore, they were very complementary of our Finance staff and their commitment to providing quality work to the auditors and the TCA community. Overall, with your continued help, TCA is in excellent financial shape.

Celebrate TCA

We celebrated Elder Construction who finished the Central Campus Renovation/Addition and Artificial Turf Field this past month. Central is truly blessed to have such a beautiful school and will be forever grateful to Elder, who worked to make it as impressive on the outside as it is on the inside.

As always, if you have any questions please feel free to contact us at talk2tcaboard@gmail.com

Hope everyone has a great week!

Paul Baker

Board Secretary

TCA Mission Statement

The Classical Academy exists to assist parents in their mission to develop exemplary citizens, equipped with analytical thinking skills, virtuous character, and a passion for learning, all built upon a solid foundation of knowledge.
