

Children's Immunization Appointments Available at El Paso Health Department

Now is a great time to update your child's immunizations. Your child's physician is your primary resource for immunizations, but in some cases, that may not be an option. Appointments for childhood vaccinations are readily available at the El Paso County Department of Health and Environment, 1675 W. Garden of the Gods Road, Suite 2044 Colorado Springs, CO 80907

Of special concern are children in these categories:

- Children ages 4-6, especially those planning to enter kindergarten or preschool next fall
- Children in grades 6-12 who have not yet had a required Tdap (tetanus, diphtheria and pertussis) vaccination
- Children younger than 6, who may need an additional polio vaccination

Cost varies per vaccine. Assistance is available for children who are uninsured or underinsured. To schedule an appointment, call (719) 578-3199 between 8:00 to 11:50 am and 1:00 to 3:50 pm Monday through Friday.
