

Welcome to TCA Central! I am Becca DeMeyer, principal and Titan. I am a lifelong educator who brings a firm commitment to students and families, as well as a love of learning and passion for elementary education. I have taught second grade and served as an elementary assistant principal and principal at TCA for the past 15 years. I am thrilled at the opportunity to get to know all of you and engage in the educational process together. The elementary school years are critical times of development for students and families alike, and I look forward to working with all of you to make this year successful.

TCA is a unique place to learn and grow. Our philosophy guides the curricular decisions we make as a school. Our Core Values document provides a reference and filter to ensure we stay on course. The Titan's Creed equips our students with a compass to help navigate the expectations of being a Titan.

Parent involvement is very important at TCA. As a parent, you should expect to receive a newsletter from me each week. Within this newsletter, you will find a link to your child's grade-level newsletter, as well as information from the office, PTO, TCA, and the community. I hope you regularly visit our website to get a quick snapshot of life at our school. Please explore our links to find out more about curriculum, programs, and daily events at TCA Central. When you work alongside our staff, your child will receive the best education possible. Parents' enthusiasm, support, and involvement inspire children to be their best. Together we can achieve wonderful things.

TCA Central has a dedicated staff that puts in many hours of professional learning, planning and preparation for the upcoming school year, particularly in the areas of math, literacy, and writing.

As a community, we will embrace the challenges of the future while we continue to cherish and celebrate the traditions of the past. I look forward to forging strong and lasting relationships with you as we support your child on their elementary journey at TCA.
